		Thereafter		ZAR	7249

**Calculation: commences at 00.01 the day unit has being discharged from vessel**

#### Remarks:

South Africa has 2 demurrage codes as follows:

**DMD** for containers that remain at the discharge terminal. It excludes the Storages that are charged separately by Hapag-Lloyd. Calculation starts when unit has been discharged from the vessel until unit gates out full from Carrier's terminal.

**DID** for containers that upon customer's request are sent to an inland depot. It includes the Storage. Calculation starts from the unit gate in full at the inland depot until it gates out full from the inland depot.
